Loan Companies.

DON'T borrow money if you can avoid it, if you cannot avoid it, come to an established company. The rate of interest charged for loans has at all times been fixed, first, by the size of the loan, and, second, the security costs 4 or 5 per cent per ahaum; a small loan on the same security costs and a small loan on the same security costs murs; a loan on chattels costs still more, because of the expense connected with it.
